

Safety Committee (OHS) – 1 Day Course

Description: This one (1) day face to face course will enable new and current Safety Committee Members to identify and implement the legislative functions of the Committee, and will provide them with the skills and understanding to contribute to improved health and safety performance in their workplace through effective Committee participation.

Learning Outcomes:

On completion of this course participants will be able to:

- Interpret the Committee's legal obligations, roles and responsibilities.
- Understand and practicably apply the functions of a Health and Safety Committee.
- Establish an effective Health and Safety Committee.
- Understand and develop terms of reference for the Committee.
- Apply the principles of effective safety performance and Risk Management.
- Improve practical consultation and communication skills.
- Contribute to improving the safety culture in the workplace.
- Understand the consultation and communication processes, including Health & Safety Representatives and Health & Safety Committees.

Training Delivery:

This course can be customised by experienced and qualified safety facilitators to suit your organisational needs. It will include a variety of training delivery methods designed for your working environment and to enable participant interaction.

Investment:

On-site delivery costs (maximum 20 participants). Price on application. Discounts apply to Safety Partnership Program members.

Certification:

Participants will receive a Certificate of Attendance.
